Station Madras , *Dated the* 18th September 1929.

From (Name) R.G.Grieve Esq., M.A., F.R.G.S.,

(Designation) Ag:Director of Public Instruction

To The Secretary to the Govt. of Madras,

Law (Education) Department.

Sir,

I have the honour to address Government regarding the permanent retention of the Government Training School for masters, Hospet, with effect from 1930-31.

2. Apart from the Government Higher Elementary Trainir School for masters, Mangalore and the Secondary Training Class attached to the Government College, Mangalore, the temporary Government Training School for masters, Hospet, is the only training school for Kanarese teachers in the Presidency. As already stated in para 2 of my letter R.C.No. 643 A/28 dated 1-10-28 disposed of in G.O.No. Mis.2099 Edn., Department, dated 1-11-28, the school in question is ...

purely Kanarese area and caters for the needs of the untrained Kanarese teachers in the Bellary District. Having regard to these considerations and also to the fact that the number of untrained Kanarese teachers in the district is very large (viz: 661 in 1928-29), I request that Government will be pleased to sanction the permanent retention of the school together with the marginally noted staff

1 L.T.Headmaster on Rs.150 a month 2 L.T.Assistants on Rs.93¾ each a month 2 Secondary Grade teachers on Rs.35 each a month. 1 Physical Training Instructor on Rs.25-1-50 a month 1 Drawing master on Rs.25 a month 2 Peons on Rs.12-18 each a month	and establishment employed therein (excluding the Instructor sanctioned for Manual training)

with effect from 1st April 1930.

With effect from the date on which the school is retained permanently, it will be necessary to include the posts of Headmaster and the two L.T.Assistants in the combined cadre of Deputy Inspectors and School Assistants and the posts of secondary grade teachers and the Drawing Master in the appropriate time scales of pay of Rs.35-60 and Rs.25-1-50 respectively, and it is requested that Government will be pleased to accord the necessary sanction in this regard also. Of the three posts of School Assistants mentioned above (viz: 1 Headmaster and L.T.Assistants), one will be in the Selection Grade on Rs.150-10-250 and the other two in the Ordinary Grade (viz: Rs.75-5-100-10-150.

5. I may add in conclusion that in view of the ultimate policy of Government to eliminate gradually lower elementary grade teachers, I propose to consider the question of making admissions into the lower elementary grade in the school in alternate years only and of increasing the facilities for training in the higher grade by making admissions into that class annual eventually. I shall address Government on this subject in due course.

I have the honour to be,

Sir,

Your most obedient servant,

For Director of Public Instruction.

The school in question has not been very popular in the past. In para 5 of his letter R.O.C.No.645A 28 d.1-10-28 the D.P.I. remarked as follows:-

"As the stability and popularity of the school have not yet been established, the question of its permanent retention may be deferred for future consideration."

In his present letter, there is no reference whatever to the stability and popularity of the school. The case of for the permanent retention of the school has therefore not been made out. Attention is invited to this office letter R.C. No.660-A/29 dated 26-10-1929 regarding permanent retention of the Secondary Training class, Berhampur. It is true that the Training School is not full. It has, however, been in existence for 9 years and there is no doubt that it will have to be retained to meet the needs of the western taluks of Bellary district and the Kollegal area in Coimbatore. When I was in Hospet I came to the conclusion that the Kanarese area of Bellary district had been rather neglected and a supply of qualified teachers seemed a necessary step towards improvement. In Bellary district there are 764 Kanarese elementary schools for boys. In these schools there are among others employed 570 untrained lower elementary grade teacher It is obvious that this is an unsatisfactory state of affairs and one that can only be improved over a long series of years. Some of the lower elementary will have to be retained and trained and as far as possible higher elementary will have to be recruited.

The circumstance urged in support of the proposal to place the Govt. Training School for Masters, Nospet, on a permanent basis with effect from 1-4-1930, is that the posts in the school are now on fixed scales of pay, that service on such scales do not count for increments, and hence consequently there are difficulties in the actual postings.

2. In his U.O. note on page 5 ante, the D.P.I. says that the school will have to be retained, but has not made any remark whether there has been a change in the position since October 1928 when he reported that as the stability and popularity of the school have not yet been established, the question of its permanent retention may be deferred for future consideration.

3. It is for orders whether the D.P.I's remarks

NOTE BY THE ADMINISTRATIVE DEPARTMENT.

The Government Training School for Masters, Hospet, was opened in 1920 as a temporary measure. It has since been continued from time to time. The

Director of Public Instruction proposes that the school together with the establishment sanctioned therefor may be retained permanently from the 1st April 1930. He remarks as follows :—

"Apart from the Government Higher Elementary Training School for Masters, Mangalore, and the Secondary Training Class attached to the Government College, Mangalore, the temporary Government Training School for Masters, Hospet, is the only training school for Kanarese teachers in the Presidency. The school in question is situated in a purely Kanarese area and caters for the needs of the untrained Kanarese teachers in the Bellary district. Having regard to these considerations and also to the fact that the number of untrained Kanarese teachers in the district is very large (viz. 661 in 1928-29), I request that Government will be pleased to sanction the permanent retention of the school together with the marginally noted staff and establishment employed therein with effect from 1st April 1930.

One L T. Headmaster on Rs. 150 a month.
Two L.T. Assistants on Rs. 93¾ each a month.
Two secondary grade teachers on Rs 35 each a month
One physical training instructor on Rs. 25—1—50 a month.
One drawingmaster on Rs. 25 a month.
Two peons on Rs. 12—18 each a month.

With effect from the date on which the school is retained permanently, it will be necessary to include the posts of Headmaster and the two L.T. Assistants in the combined cadre of Deputy Inspectors and School Assistants and the posts of secondary grade teachers and the drawingmaster in the appropriate time scales of pay of Rs. 35—60 and Rs. 25—1—50 respectively, and it is requested that Government will be pleased to accord the necessary sanction in this regard also. Of the three posts of school assistants mentioned above (viz. one Headmaster and two L.T. Assistants), one will be in the selection grade on Rs. 150—10—250 and the other two in the ordinary grade (viz. Rs. 75—5—100—10—150)."

2. The Director's proposals may be accepted. They result in a saving of Rs. 412 in 1930-31, the ultimate extra cost per annum being Rs. 1,524.
